<b>SUBMITTING AN APPLICATION</b>
----------------------------------

Applications and supporting documents may be submitted one of the following ways:

- E-mail to [res@PowerMoves.com](mailto:res@PowerMoves.com)
- Mail to POWER MOVES Program, c/o Wabash Valley Power, 722 N. High School Rd., Indianapolis, Indiana, 46214

Please make and keep a copy of the application and supporting documents for your records.

**We cannot process applications if required documentation/information is not included. Please read this application carefully and include all information requested. Not submitting requested documents will significantly delay processing and may disqualify your application.**

## 2019 Residential Program Air Source Heat Pump Rebate Application

SPLIT SYSTEM with electric back-up (Ducted)							
Minimum unit specifications needed in order to qualify for rebate	AHRI Reference Number	SEER ≥ 16	HSPF ≥ 9.0	Tons	Incentive per unit (see below)	Quantity of units (Max 2)	Total incentive requested
SEER ≥ 16 and HSPF ≥ 9.0 Electric back-up (no gas or propane)							
Outdoor Unit Manufacturer:					Model Number:		
Indoor Unit Manufacturer:					Model Number:		
Installation Date:							
<b>Both the condenser and the coil must be replaced and installed as a matched set. New system must heat and cool entire home. A heat loss/heat gain calculation, and AHRI certificate and invoice must be attached to this application. Dual fuel heat pumps are not eligible for this incentive.</b>							

Which of the following heating systems did you replace with this new air source heat pump?	
This question <b>MUST</b> be answered to receive a rebate.	Incentive/unit
<input type="checkbox"/> Electric Resistance (electric furnace, ceiling cable, baseboard)	\$750
<input type="checkbox"/> Fossil Fuel (Propane or Fuel Oil)	\$750
<input type="checkbox"/> Existing Air Source Heat Pump with electric back-up heat (Existing heat pumps with natural gas or propane back-up are not eligible for this rebate.)	\$250
<b>An air source heat pump replacing some other form of home heating beyond the three options listed above does not qualify for this rebate.</b>	

**To receive your rebate, you must attach these documents.**

- Heat Loss/Heat Gain Calculation (*In order for your contractor to properly size your unit, they must perform a heat loss/heat gain calculation. Some call it a "Manual J" calculation. They may use any Air Conditioning Contractors of America (ACCA) approved software they prefer and there are several free downloads available on-line.*)
- Proof of purchase/invoice from your contractor
- AHRI Certificate (This can be obtained from your contractor.)

**2019 Residential Program  
Air Source Heat Pump Rebate Application**

<b>Ductless Heat Pump (Mini Split) (with electric back-up)</b>						
<b>Minimum unit specifications needed in order to qualify for rebate</b>	<b>AHRI Reference Number</b>	<b>SEER ≥ 20</b>	<b>HSPF ≥ 10.0</b>	<b>Incentive per outdoor unit (see below)</b>	<b>Quantity of outdoor units</b>	<b>Total incentive requested</b>
SEER ≥ 20 and HSPF ≥ 10.0 Units must be all electric						
Outdoor Unit Manufacturer:				Model Number:		
Indoor Unit Manufacturer:				Model Number:		
Total Quantity of Indoor Units:						
Installation Date:						

<b>Which of the following heating systems did you replace with this/these new mini split heat pump(s)?</b>	
<b>This question <i>MUST</i> be answered to receive a rebate.</b>	<b>Incentive/outdoor unit</b>
<input type="checkbox"/> Electric Resistance Heat (electric furnace, ceiling cable, baseboard)	\$300
<input type="checkbox"/> Fossil Fuel (Propane or Fuel Oil)	\$300
<input type="checkbox"/> Existing all-electric Air Source Heat Pump (Non-mini split)	\$300

**IMPORTANT INFORMATION**

Each outdoor unit must condition at least one room and must replace an existing form of heating as listed in the table above.

A new mini split system replacing some other form of home heating other than the three options listed in the table above does not qualify for this rebate.

**To receive your rebate, you must attach these documents.**

- Heat Loss/Heat Gain Calculation (*In order for your contractor to properly size your unit, they must perform a heat loss/heat gain calculation. Some call it a "Manual J" calculation. They may use any Air Conditioning Contractors of America(ACCA) approved software they prefer and there are several free downloads available on-line.*)
- Proof of purchase/invoice from your contractor
- AHRI Certificate (This can be obtained from your contractor.)

**2019 Residential Program  
Air Source Heat Pump Rebate Application**

**Signature**

Submission of this form verifies that the applicant has provided accurate information to participate in the program. Applicant further certifies that:

- 1. All rules and requirements of this program have been followed.
- 2. Applicant is a residential member of an electric cooperative member of Wabash Valley Power Association.
- 3. The rebated equipment has been installed and is operational prior to submission of this application.
- 4. A member electric cooperative of the Wabash Valley Power Association is providing the electric service to the installation site address listed on this application.
- 5. Applicant understands and agrees that neither Wabash Valley Power Association nor its member electric cooperatives assumes any responsibility or liability arising out of or related to applicant’s participation in the POWER MOVES program.
- 6. Applicant will allow inspection of the rebated equipment (if requested).
- 7. Applicant understands applicant will not receive a rebate if applicant’s contractor fails to provide an AHRI certificate, heat loss/heat gain calculation, and invoice for the Air Source Heat Pump installed in applicant’s home.
- 8. Applicant gives permission to Wabash Valley Power Association to obtain usage information from their electric cooperative. Applicant understands that Wabash Valley Power Association may use the usage information provided for program evaluation and analysis.

*If signing in a capacity other than an individual capacity, the individual signing below hereby represents and warrants that s/he is duly authorized to execute and deliver this application on behalf of the applicant.*

Applicant Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Assignment of Payment to Non-Applicant: (i.e. Contractor)**

By signing below, I assign the full POWER MOVES incentive amount pursuant to this application to the individual or entity designated as “Contractor/Installer” on the first page of this application, agree that such assignment can only be amended or modified in writing acknowledged by Wabash Valley Power Association, and further agree to hold harmless and indemnify Wabash Valley Power Association from any claim made for such incentive amount or from any loss resulting from the payment of the incentive amount to the assignee.

Applicant Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## 2019 Residential Program Air Source Heat Pump Rebate Application

This program can be changed or cancelled at any time at the sole discretion of Wabash Valley Power Association, with or without notice.

- **Eligibility requirements**

- Residential members of electric cooperatives participating in Wabash Valley Power Association's POWER MOVES energy efficiency programs. Please call your co-op to verify participation or see the list at [www.PowerMoves.com](http://www.PowerMoves.com).
- Program eligibility requirements are subject to change or termination with or without notice at the sole discretion of Wabash Valley Power Association.

- **Program parameters**

- All rebated equipment must be new; used or rebuilt equipment is not eligible for an incentive.
- Incentive items must be installed on the electric cooperative account listed on this application.
- Rebated equipment must meet the technical specifications listed in this application form.

- **Application procedures and deadlines**

- Applications should be submitted within 60 days after the project completion date. An invoice, AHRI certificate, and load calculation must be included for the application to be considered complete.
- Rebated equipment must be installed and operational on or after January 1, 2019 and on or before December 31, 2019. All applications should be postmarked by February 28, 2020.

- **Ability to confirm installation (right to conduct inspection)**

- Pre-install inspection: Wabash Valley Power Association reserves the right to inspect the program participant's home to verify that equipment meeting program qualifications exists prior to providing an incentive, and the program participant agrees to provide reasonable access to the premises for such purposes.
- Post-install inspection: Wabash Valley Power Association reserves the right to inspect the program participant's home to verify that equipment matching the information provided on the program application has been placed in service at that home, and the program participant agrees to provide reasonable access to the premises for such purposes.
  - Post inspection, the program participant will have 30 days from the request date to submit any additional information requested by Wabash Valley Power Association. Failure to submit requested information may result in application rejection.
  - If any requested inspection finds the program participant or the program participant's contractor did not comply with program rules and standards, any incentive received must be returned to Wabash Valley Power Association within 60 days of notice of such noncompliance.
- Wabash Valley Power Association reserves the right to conduct an additional post-install inspection for program portfolio evaluation, measurement, and verification (EM&V) purposes. Incentives received will not be affected by the results of this inspection.

- **Payments**

- The maximum total residential incentive payment per membership is \$10,000 per year.
- The incentive payment cannot exceed 75% of the total project cost. Self-labor cannot be included in total project cost.
- Approved incentive payments will be made via a check or bill credit at the discretion of the local electric co-op.
- Wabash Valley Power Association reserves the right to withhold payment for products that do not meet the program requirements as determined within its sole discretion.
- Program funds are limited. Incentives are available on a first-come, first-served basis, subject to application approval.
- Incentive amounts, thresholds, and offerings are subject to change or termination with or without notice at the sole discretion of Wabash Valley Power Association.
- Wabash Valley Power Association is not liable for incentives promised to members as a result of a contractor misrepresenting or not verifying the rules the program.

- **Logo Usage**

- Program applicants and program participants may not use our logo or name without prior express written permission.

- **Disclaimers**

- Wabash Valley Power Association and its member cooperatives
  - Do not endorse any particular manufacturer, product, or system design by offering these incentives;
  - Will not be responsible for any tax liability imposed on any program participant as a result of the payment of incentives;
  - Do not expressly or impliedly warrant the performance of any installed equipment;
  - Are not responsible for the handling, storage, treatment, transportation, or disposal of any waste generated as a result of any measures for which incentives have been applied for and/or received under this program nor any resultant environmental contamination related to the same;
  - Are not liable for any damage caused by the operation or malfunction of the installed equipment; and
  - Do not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program.
